Learning From The Past To Face The Future

Erasmus +

Dana Laizane's family welcomed me very friendly

We've spent five busy days in Riga. We were baking bread, we worked on the project and took part in interesting lessons

We also visited many interesting places. The visit to Turaide Castle impressed me the most.

I have met many interesting people who will be remembered for ever.

When it was time to say goodbye, each of us had tears in our eyes
